TEXTIL CLEANER

Ecological textile cleaner

0%
NTA
PHOSPHATE

Ecological anti-static cleaner for woven surfaces of vehicle interiors.

Advantages

- Thoroughly removes the dirt and revives the colours.
- Non-foaming.
- Leaves a pleasant scent (peach).
- Based on ingredients of natural and renewable origin.
- Respects health and the environment, without phosphates, without NTA, without chlorine ...

Use(s): maintenance of textiles in vehicle interiors. Car and body workshops, vehicle fleets.

Precautions for use

Never apply the product in direct sunlight.

Instructions for use

Respect usual safety measures for the use of chemical products and wear the appropriate individual protection equipment.

Dilute with water: 10 to 15% depending on the degree of soiling. Spray **TEXTIL CLEANER** on fabrics, let the cleaner penetrate using a brush, wipe the excess with absorbent paper and let dry. After drying, vacuum the surface. Can also be applied with a spray-extraction cleaner, in this case the dilution is generally 10%.

For more detailed information please consult our technical support.

Storage

Keep tightly closed and protected from cold, frost, UV rays and heat in a ventilated place.

Legislation & safety

Please read the recommendations on the safety data sheet and the original packaging. Do not mix with other products. Only for professional use. Safety data sheet available on request.
